Q

AQ SKIN SOLUTIONS ~ WHERE SCIENCE MEETS SKIN CARE

Inspired in 2008, AQ Skin Solutions was founded by immunologist and inventor, Dr. Ahmed Al-Qahtani, who pioneered the most innovative and effective approach to harness healing through **anti-inflammatory cytokines, interleukins and growth factors (GFs)**.

Our medical research has proven that when formulated correctly, **patented GF-technology** holds the potential to reverse the cell aging process, fade scars, and boost the body's natural repair process regarding **skin, hair follicles and vaginal walls**.

Combining authentic research with advanced clinical experience, AQ employs a proprietary blend of the appropriate combination and concentration of applicable GFs in **Growth Factor Induced Therapy (GFIT)**.

Using the **highest quality of GF media throughout the world**, AQ revolutionized the approach to skin rejuvenation by enhancing the body's ability to defend itself after surgery, burns, wounds, and UV exposure.

THE DIFFERENCE ~ OUR PATENTED GROWTH FACTOR TECHNOLOGY

Dr. Ahmed Al-Qahtani is renowned for his extensive work in medical applications of GFs for **healing wounded tissue and creating artificial skin grafts**. His breakthrough research revealed how to effectively **maximize the retention of GFs** for maximum penetration and effectiveness.

Using advanced cell sorting technology, AQ Skin Solutions pharmaceutical grade serums were formulated utilizing the screened, immortalized fibroblast cell lines protected by our **3 Patents within the U.S., E.U., and Japan**. Our cosmeceutical serums contain conditioned media known to retain the highest quality of growth factors that accelerate the regenerative process.

This **#1 physician-recommended system** best supplements conventional rejuvenation therapies, such as **lasers** or **microneedling**, to reduce the appearance of fine lines, wrinkles, photo-damage, scars and acne.

*Enhance your skin's ability
to defend itself—
without a prescription.*

AQ Active Serum employs patented Growth Factor (GF) Technology using a high purity of fibroblast growth factors responsible for the natural maintenance of skin cells. Daily application of AQ Active Serum can dramatically reduce the appearance of fine lines and wrinkles.

Cytokines, interleukins and other beneficial peptides are specifically selected to help restore your skin to its youthful state by rejuvenating collagen, improving texture, and moisturizing skin.

TESTIMONIALS:

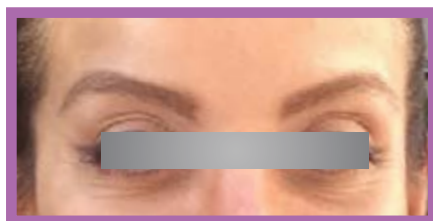

INGREDIENTS: Human Fibroblast Conditioned Media, Water(Aqua), Glycerin, Polysorbate 20, Xanthan Gum, Tetrahexyldecyl Ascorbate, Tocopheryl Acetate, Lactic Acid, Citrus Aurantium Bergamonia (Bergamot) Fruit Oil, Phenoxyethanol, 1;2 Hexanediol, CaprylylGlycol.

AQ Eye Serum is specifically formulated with patented GF technology to restore the delicate eye area. These growth factors are natural cell communicating peptides that help tighten the skin around the eyes.

AQ Eye Serum stimulates the skin's natural process of rejuvenation by encouraging increased micro-circulation, promoting firmness, and targeting the appearance of dark circles and bilirubin under the eyes.

TESTIMONIALS:

BEFORE

**AFTER
1 WEEK**

INGREDIENTS: Water (Aqua), Human Fibroblast Conditioned Media, Glycerin, Polysorbate 20, Butylene Glycol, Acetyl Hexapeptide-8, Hesperidin Methyl Chalcone, Steareth-20, Oipeptide- 2, Palmitoyl Tetrapeptide-7, Oenothera Biennis (Evening Primrose) Seed Extract, Chrysin, N-Hydroxysuccinimide, Palmitoyl Tripeptide-1, Aminoethylphosphonic Acid, Xanthan Gum, Camellia Sinensis Leaf Extract, Citrus Grandis (Grapefruit) Fruit Extract, Lactic Acid, Citrus Aurantium Bergamia (Bergamot) Fruit Oil, Phenoxyethanol, 1,2-Hexanediol, Caprylyl Glycol.

*AQ's solution to tired eyes
and dark circles...
this unique blend of
new generation growth factors
is for the thin, sensitive
periorbital area.*

*Complement your
post-operative care and post-medspa treatments
with AQ's pharmaceutical grade
Recovery Serum — containing the
highest concentration of GFs.*

Supplementing the skin with growth factors can reverse signs of aging and aid skin cell turnover to achieve radiant, glowing skin. The **AQ Recovery Serum** is designed to enhance the skin's natural restorative processes, promoting collagen production, healthy circulation, and cellular renewal.

This pure, highly formulated blend of natural growth factors, proteoglycans and glycosaminoglycans can be used in conjunction with clinical skin resurfacing modalities as it helps soothe inflammation and encourage restoration.

INGREDIENTS: Human Fibroblast Conditioned Media, Water (Aqua), SD Alcohol 40, Propylene Glycol, Polysorbate 20, Xanthan Gum, Tetrahexyldecyl, Ascorbate, Tocopheryl Acetate, Menthyl Lactate, Lactic Acid, Sodium Hyaluronate, Phenoxyethanol, 1,2-Hexanediol, Caprylyl Glycol.

Naturally produced stem cells lining the hair follicles are crucial for the production of hair. **AQ Advanced Hair Complex** targets conditions of thinning hair, hardening of the scalp, and weakening of follicles by applying patented GF technology at the root.

This natural hormone-free growth factor formula is safe for both men and women. It is designed to nourish the follicle, deliver nutrition to the scalp, and restore damaged follicles by promoting increased circulation. The result? Improved hair quality, texture, and growth cycles.

TESTIMONIALS:

INGREDIENTS: Water (Aqua), Human Fibroblast Conditioned Media, Lonicera Caprifolium (Honeysuckle) Flower Extract, Lonicera Japonica (Honeysuckle) Flower Extract, 1, 2-Hexanediol, Caprylyl Glycol.

*Get to the
root of the problem
with our advanced follicle
stimulating formula.*

*Maximize
your genetic potential—
without the side effects.*

AQ Lash is the safe and natural approach to restoring the health and vitality of eyelashes and eyebrows, making them appear longer, thicker, and darker without changing the color of the eyes or eyelid tint.

AQ uses patented GF technology without prostaglandins (glaucoma drugs), harsh chemicals (phosphate, lead, etc.) or preservatives that are responsible for adverse effects. Regular usage can help bring your lashes and brows to their maximum genetic potential with less breakage. Disposable applicators for daily use are intended to reduce contamination.

TESTIMONIALS:

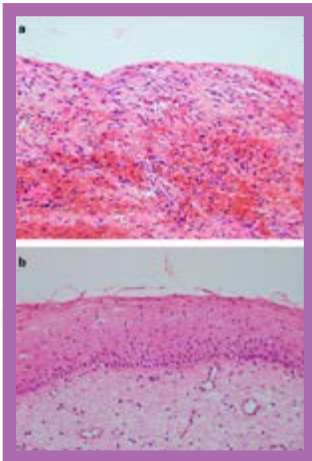

INGREDIENTS: Human Fibroblast Conditioned Media, Water (Aqua), Glycerin, Panthenol, Biotinoyl Tripeptide-1, Lonicera Caprifolium (Honeysuckle) Flower Extract, Lonicera Japonica (Honeysuckle) Flower Extract, 1, 2-Hexanediol, Caprylyl Glycol.

Vaginal dryness is a hallmark sign of vaginal atrophy (atrophic vaginitis) – the thinning and inflammation of the vaginal walls. The **AQ Vaginal Rejuvenation System (VRS)** is a breakthrough system that uses patented GF technology to help restore natural vaginal functions, relieve dryness, and sooth irritation.

Depositing the thick fluid to contact the walls encircling the vagina supplements the body’s natural lubrication which can allow for more sensation, enhanced female sexual arousal and improved intercourse. This formula can aid vaginal wall hydration, youthful resilience and improved elasticity of the vaginal walls.

Biopsy tissue of the vaginal walls:

- a) Inflammation of the tissue
- b) Healthy tissue, no inflammation of the vaginal tissue
